Specialty Option (2x2 wks or 4 wks)							
Elective (2x2 wks or 4 wks)							
Elective (2x2 wks or 4 wks)							

Your graduation requirements include 4 weeks of Emergency Medicine, a total of 6 weeks of Peds and 6 weeks of Ob. The two weeks in addition to your four weeks core in third year, do not need to be straight Peds/Ob. It can be Peds Cardio and count as a Cardio rotation and still fulfill your Peds requirement. Your course # would be for Cardio (821/824), but your **Rotation Name** must say **Peds Cardio** so we know to credit you for Peds also.
